FRITZ HANSEN

CONCERT™
PRODUCT FACT SHEET

CONCERT™

The world-famous Concert™ is a Danish design staple. The unique shade configuration is visually characteristic of Utzon's design ethos and is reminiscent of his greatest work, the Sydney Opera House. The pendant is handcrafted using triple-layered opal blown glass and provides a pleasant, even light, making it the perfect centrepiece to any living space or meeting space.

DESIGNER / YEAR OF DESIGN

Jørn Utzon, 2005

ABOUT THE DESIGNER

Creating things for people. This is the primal theme of probably Denmark's most famous architect of all time: Jørn Utzon. He saw a clear parallel between music and light. Both are crucial for feeling emotions. In developing his designs, he worked to ensure that light constantly promotes the atmosphere of a room, whether it is used for cosy togetherness, for a particular function or for sheer inspiration.
