QUIET.BOX
CLEAR FORM, MORE PRIVACY

Lees meer info op onze website **www.meinema.nl**

Even in busy places people need space to make phone calls undisturbed or to discuss confidential information. **Our smallest and simplest solution to this problem is the QUIET.BOX.** It fits in harmoniously everywhere – even in passageways or canteens – with minimum impact. That's thanks to its understated design and optional transparent rear panel. We supply the QUIET. BOX as a ready-assembled piece of furniture, so you just have to put it up and plug it in. Ventilation, lighting and power connection are included!

Products:
QUIET.BOX, TABLE.H meeting tables, MOVE.MIX and
MOVE.MIX bar stools, NET.WORK.PLACE elements

QUIET.BOX Organic
A MODULAR APPROACH TO SPACE ORGANISATION

You don't necessarily need much space for privacy. Do you want to share personal or confidential information in an open space office? **Then you need to retreat to our QUIET.BOX Organic, which has a homely feel.** The textile, acoustically effective back panel can be designed individually. The organic design of this modern-day phone box makes it the perfect complement for the open space solutions in our NET.WORK.PLACE Organic suite.

Products:
QUIET.BOX Organic, LIFE.S, TENSA.NEXT,
NET.WORK.PLACE Organic elements, THINK.TANK, HORIZONTE

QUIET.BOX Duo
FOR FOCUSED WORKING AND MORE

Working in an open space brings teams closer together and encourages them to reach decisions quickly. But you're going to need areas suitable for discussions too, so that your employees still have a quiet atmosphere for tasks involving concentration. **The QUIET.BOX Duo is ideal for quick one-to-one meetings or focused working.** The solution is completely self-contained with its own ventilation and comes with a choice of furniture – for instance with bench seats and tables. The glass back panel creates a pleasant feeling of space. The fabric-covered internal walls and acoustic ceiling ensure perfect acoustics.

Products:
QUIET.BOX Duo, LIFE.S, TENSA.NEXT, TABLE.H, MOVE.MIX bar stools
and NET.WORK.PLACE elements
