

BASE TABLE

MIKA TOLVANEN ON THE DESIGN "I wanted the table to have its own character but not be imposing. The design aim was to reduce the table to its archetypal form. The functional simplicity of Base is supported by behind-the-scenes technology to create a slim, lightweight and strong table. At the same time, Base is friendly and welcoming in the way it looks. The result is a versatile metal frame table that can be extended into a very large conference table or just as easily used as a simple dining room table."

IN-STOCK SIZES:

DESIGNED BY / YEAR OF DESIGN

Mika Tolvanen / 2014

ABOUT THE DESIGNER

Mika Tolvanen is part of the Finnish Rehti Design group. After graduating from the Royal College of Art with a Master in design in 2001, Mika established his own design office in Helsinki. He has since worked with some of the world's top designers and manufacturers.

DESCRIPTION

A high quality and versatile table series, that casts the iconic shape of a table, as straight forward as a child's drawing. The tables have a lightness in its design that adds an interesting contrast to the table's strength and robust materials.

Both the Visu Hanger and the Cable Management Solution can be installed to the Base Table for efficient office and work environments.

PRODUCTION PROCESS

The table base's legs and corner parts are extruded from aluminium to give the acrylic lacquer used to color the base, the most homogeneous surface.

The table-top is cut from furniture board and finished off with either a laminate or a linoleum surface.

MATERIAL

Table base is made from extruded aluminium with an extra durable acrylic paint. Table top in either furniture board with laminate surface and ABS edges or table top in plywood with linoleum surface.

CLEANING AND CARE

Clean the table with a damp cloth. If necessary use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. For linoleum versions, linoleum care is recommended for optimum saturation of the natural material 2-3 times a year. It is recommended to clean linoleum versions with a damp cloth and a pH neutral cleaner and wipe dry to remove any residues.

SPARE PARTS

Adjustable set screws and castors as well as a cable management system is sold separately.

MADE-TO-ORDER

70 x 70 cm / 27.5" x 27.5", 80 x 80 cm / 31.5" x 31.5", 128 x 128 cm / 50.5" x 50.5", 140 x 70 cm / 55" x 27.5", 190 x 80 cm / 74.75" x 31.5", 250 x 110 cm / 98.5" x 43.25", 300 x 110 cm / 118" x 43.25", 440 x 110 cm / 173.25" x 43.25".
Circular tabletop: Diameter 90 cm / 35.5", 128 cm / 50.5"

TESTS & CERTIFICATIONS

EN 15372:2008 - L3: Extreme use
Furniture - Strength, durability and safety - Requirements for non-domestic tables.

DESCRIPTION

Base High Table has a straightforward look and a functional simplicity ideal for any bar, counter or workspace setting. Made for robust daily use, the table has an aluminum frame covered with an extra durable acrylic powder coating. Its focus on materials, quality and refined minimalism showcases the Scandinavian design tradition and makes it easy to pair with any bar stool design.

PRODUCTION PROCESS

The frame is made from steel and extruded aluminum with high precision and a steel stabilizer connecting the legs to ensure maximum stability. The frame is giving a matte acrylic powder coating and the tabletop is cut from furniture board and finished with either a laminate, oak veneer or linoleum surface.

MATERIAL

The frame is made from steel and extruded aluminum with an extra durable acrylic powder coating. Tabletops are available with a laminate surface with either ABS edges or plywood edges, with a linoleum surface (black only) or oak veneer surface with plywood edges.

CLEANING AND CARE

Clean the table with a damp cloth. If necessary use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. For linoleum versions, linoleum care is recommended for optimum saturation of the natural material 2-3 times a year. It is recommended to clean linoleum versions with a damp cloth and a pH neutral cleaner and wipe dry to remove any residues.

SPARE PARTS

Tables with two or four adjustable feet screws are made-to-order for all table sizes.
