FRED

Designer | VISO Design Studio

Fred is bold, elegant, and majestic - poised to make a statement no matter where he goes. Elevated by two brushed metal legs and a metal base, this floor lamp features an opal glass diffuser that sits on a curved neck extending from a high-gloss painted resin body. Fred radiates impeccable style and effortlessly assumes the center of attention in any space.

- Brushed metal neck, legs and base
- Opal glass diffuser
- High gloss painted resin body in variable colours
- Other metal finishes available
- Dimmable LED 2700K

NANCIE

Designer | VISO Design Studio

Nancie is distinct, exquisite and magnetic - her presence is sure to light up any room. Nancie's unique shape is complemented by her high-gloss painted resin body and elegant brushed metal details on her neck and legs. Nancie is unconventional and absolutely irresistible.

- Brushed metal neck, legs and base
- Opal glass diffuser
- High gloss painted resin body in variable colours
- Other metal finishes available
- Terrazzo stone base available
- Dimmable LED 2700K

PABLO

Designer | VISO Design Studio

Pablo is calm, chic and enigmatic – he invites balance and introspection, bringing everything back into focus. He is light-hearted yet grounded and empowers every space with understated elegance. The curved neck reinforces his dynamism enhanced by a frosted opal glass diffuser, a high-gloss painted resin body and metal details. With Pablo, there is always more than meets the eye.

- Brushed metal neck, legs and base
- Opal glass diffuser
- High gloss painted resin body in variable colours
- Other metal finishes available

INTERLOCK CHANDELIER

Designer | II By IV

The Interlock chandelier is inspired by the beautiful interlocking basalt columns created by ancient volcanic fissure eruptions. A stunning piece that showcases the organic elements that is found all around us, the Interlock is marked by a modern sensibility coupled with traditional craftsmanship. This fixture, designed by Toronto-based design firm II by IV, was originally created for NAO Steakhouse (now Estia Restaurant) in Toronto. It features 150 clear acrylic tubes in various heights and includes four T5 58W 3000k LED strips placed within the central metal column and measures 90"/2286mm in diameter and 106"/2696mm in height. Designed as a true showstopper, the Interlock adds gravitas to any space while still bringing a sense of *je ne sais quoi*.

- Clear acrylic support
- 120 clear acrylic tubes
- Metal accents in polished brass finish
- LED strips 2700K
- 24V - 13W/foot
