

PRODUCT SUSTAINABILITY INFORMATION
NOVA WOOD
2-desk bench with a supplementary unit and a cable tray
W=1600 mm, D=1440 mm, H=740mm

14.11.2023

Total weight: 116,18kg

Total recycled material = 46,47%

Recyclability of the product = up to 99%

Material	%
Melamine board	63,56%
Wood	23,73%
Metal	12,43%
Plastics	0,28%
In total	100%

Product information:

- 10-year limited warranty (5 years for height adjustment mechanisms, worksurfaces and upholstery materials).

Material information:

- Board has low formaldehyde emissions according to German E05 standard.
- 100% water-based coating is used for solid wood. This type of coating has negligible amounts of volatile organic compounds (VOCs).
- Powder coating, used for metal, has a low content of VOCs.
- Cardboard used for packaging is 100% recycled and recyclable.

Company's sustainability information:

- Certified to ISO14001 (Environmental Management System).
- 100% electricity used in Narbutas manufacturing processes and offices is renewable.
- Narbutas long term goal: Reduce CO₂ emissions and become a climate-neutral company by 2028.
- Annual Sustainability Report is publicly available under: <https://www.narbutas.com/wp-content/uploads/2023/05/SUSTAINABILITY-at-NARBUTAS-report-EN.pdf>
