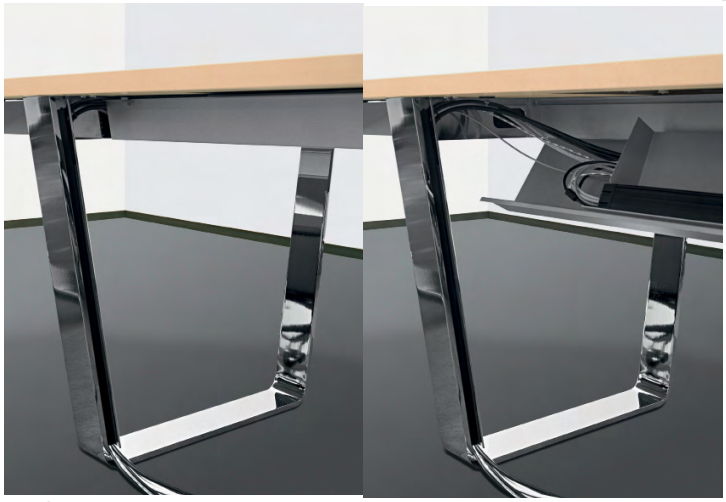
Tune (Design: Jehs + Laub)
Wandlungsfähigkeit ist dort gefragt wo Menschen kommunizieren. Besprechungen, Sitzungen, Tagungen, Konferenzen. Das Tischsystem Tune wartet für diese Tätigkeiten mit einer Vielzahl aufeinander abgestimmter Plattenformen und Plattengrößen auf, die sich unabhängig der gewählten hochwertigen Furnierart zu ruhigen und in sich geschlossenen Flächen fügen. Tischanlagen, die sich in filigraner und durchgängiger Gestaltungshandschrift für alle Raumgrößen und Teilnehmerzahlen individuell planen lassen. Die eleganten Bügelfüße sind aus Stahl und gewährleisten großzügige Beinfreiheit. Durchdachte Funktionalität: Die Kommunikationstechnik wird unsichtbar unter einem durchlaufenden Funktionsband - eine verschiebbare Tischauflage aus Leder - integriert.

Tune (Design: Jehs + Laub)
Adaptability is required wherever people come together to communicate. Talks, meetings, conferences, conventions. The Tune table system fits the bill with numerous coordinated table shapes and sizes which combine to create smooth, uniform surfaces. Table arrangements that allow custom planning to accommodate groups and rooms of any size while consistently maintaining the refined signature design. The elegant flat-steel frames guarantee ample legroom. Well-planned functionality: A continuous function strip - a sliding leather panel - keeps the integrated communication technology neatly out of sight.

Tune I WTM, Hamburg

Die 32 cm hohen Sichtblenden sind aus Stahlblech und anthrazit pulverbeschichtet.

The modesty panels are 32 cm high and made of anthracite-coloured powder-coated sheet steel.

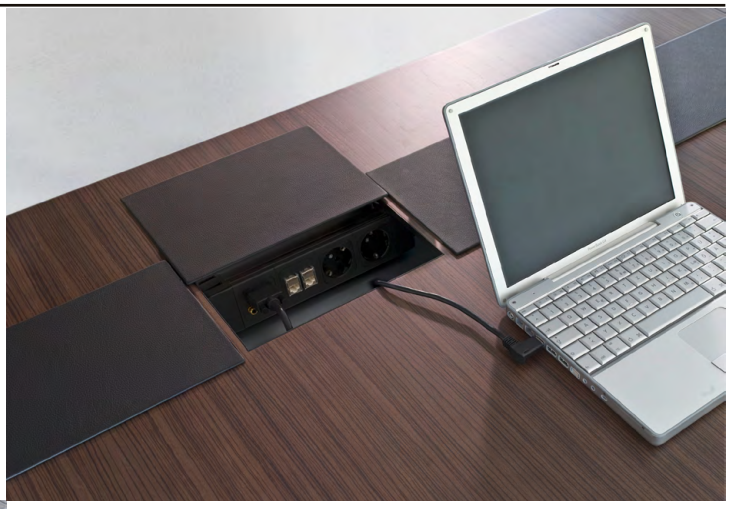


Der horizontale Kabelkanal aus Aluminium ist aufklappbar und wird an der Mittelzarge befestigt. Die vertikale Kabelführung in Ausführung der Bügelfüße wird magnetisch an der Innenseite der Bügelfüße befestigt.

The horizontal aluminium cable channel swings open and is fixed to the centre crossbar. The vertical cable routing is attached magnetically to the inside surface of the flat-steel frames.

Zu allen Tischen bieten wir eine 19 cm tiefe Tischauflage an. Schiebeelemente eröffnen den Zugang zum Kabelkanal oder zur Utensilienbox.

All tables can be outfitted with a 19-cm-wide desk pad. Sliding elements provide access to the cable channel or toolbox.



Die ein- oder doppelseitige Elektrobox ist flächenbündig in die Tischplatte integriert. Der Klappdeckel wird in der Ausführung der Tischplatte gefertigt.

The single or double-sided power box is leveled into the table top and finished to match the table top.

Tune ist ein modulares Konferenztischprogramm und wurde speziell für den Besprechungs- und Konferenzbereich entwickelt. Die Tischplatten können beliebig kombiniert werden, so dass maßgeschneiderte Konferenztischanlagen gestaltet werden können. Die technischen Anforderungen werden auf ansprechende Weise erfüllt: Unter einer Tischauflage aus Leder verbergen sich Anschlüsse für Medien- und Kommunikationstechnik. Runde, quadratische und bootsförmige Besprechungstische stehen für das ausgewogene, variable Konzept.

Tune is a modular conference table programme developed especially for meeting and conference applications. The tabletops can be combined freely to create custom conference table systems. Modern technology is discreetly accommodated under a leather desk pad that conceals media and communication ports. Round, square and boat-shaped conference tables exemplify the balanced, versatile concept.
