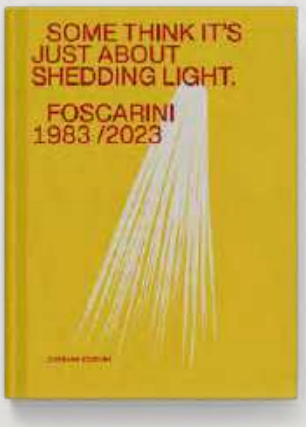
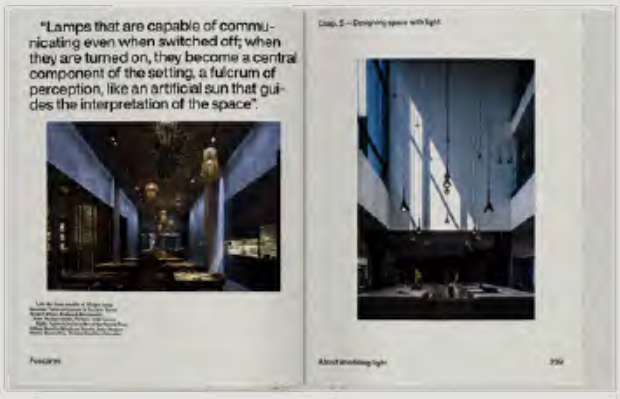
PER QUALCUNO PUÒ ESSERE SEMPLICEMENTE FARE LUCE.

FOSCARINI 1983 /2023



Le storie, le idee, i prodotti, nel racconto di un'azienda che da quarant'anni accompagna l'evoluzione del design della luce.
Una monografia edita da Corraini Edizioni a cura di Alberto Bassi e Ali Filippini.
Scarica il libro in italiano:

The stories, the ideas, the products, in the tale of a company that for forty years has accompanied the evolution of light design.
A monograph published by Corraini Edizioni edited by Alberto Bassi and Ali Filippini.
Download the book in english version:

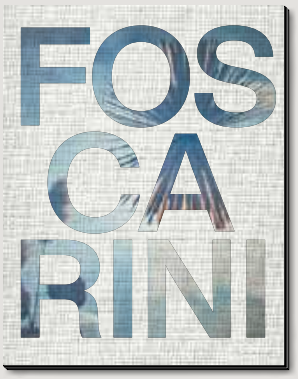


Vite

A project to discover Foscarini lights in the homes of others.
A story to imagine those lights in ours.
Since 2018, we have embarked on a journey across three continents, visiting 13 cities and 25 homes to showcase the ability of of Foscarini lamps to give any space character, but also to blend in. Contributing to and enhancing the setting without taking over or imposing. We purposely sought out personal settings, which are also imperfect because they are real. Far from traditional posed design photography and its cold rules of styling. Our goal with VITE is to present design in its most human form. Design that conveys its qualities in the dwellings of people, for whom the home is like a mirror:
to see themselves, not to show off; a question of encounters, not of display.
Experience the digital version of VITE and be inspired by a vast selection of images categorized by room, product or function.

Collezioni

The complete catalogue, a dynamic and fast way to consult the complete Foscarini collection.



Other catalogs

Maestrie — Is an extensive project – involving several artists and professionals – which sheds light on the craftsmanship skills at the heart of the production of some of Foscarini's iconic products.
Ritratti — ("Profiles"), a brand book takes an intimate tour of five homes across Italy and an outdoor setting: the breathtaking night views of Arsenale in Venice. A collection of independent expressions on living photographed by three interior photographers.
Ambienti — Designing means choosing, and choosing a lamp means staging the right light. A catalog that talks about projects to help designers translate ideas of light into "enlightened" spaces.

MyFoscarini

With the same spirit that provides new ideas in lighting design, Foscarini creates its own more efficient programs for customer and partner communication, for instance, *MyFoscarini*, a proprietary it platform, an absolutely innovative, highly flexible and transparent tool providing customers with complete information and full range of functions.

With just a few clicks in *MyFoscarini* you can:
- check the availability of lamps and the shipping date;
- enter your orders, reserving lamps directly from Foscarini's central system;
- track your order status;
- consult sale conditions;
- download admin documents such as transport documents and invoices;
- prepare a quotation;
- download: images, logos, PDF and excel price lists assembly instructions and certifications.

And all this 7 days a week, 24 hours a day.
If you haven't registered yet request your password from Foscarini Customer Care.

Social media

Foscarini is present on all the main social networks with systems and languages suited to each individual channel and type of user:
- Facebook to create and maintain public relations, communicate news and projects, share news, images and films;
- Instagram to view projects and stimulate users to create images with Foscarini models;
- Pinterest to share images of Foscarini models and initiatives, subdividing them into theme boards;
- Linkedin to create and maintain relationships with sector operators and share professional contents.

Inventario

Inventario is a publishing concept that describes all the disciplines that merge into the melting pot of creativity. Since 2010 it has been a bookzine that files away, investigates, builds bridges, and sparks ideas. It stimulates us to observe our surroundings with a more curious, enlightened, and free perspective every day. Founded, promoted and supported by Foscarini, directed by Beppe Finessi and published by Corraini, Inventario embodies the company's philosophy: "everything is a project". In 2014, Inventario was honored with the Compasso d'Oro ADI award.
It is available in select bookstores or online at w

Kit decentramento / *Decentralization kit*

Kit B

Kit C

Kit M

With the decentralization kits, it is possible to position suspension lamps at will, regardless of the location of the power source.
With an extremely discreet design, to minimize the visual impact, it is proposed for both self-supporting single cable models and for those equipped with one or more steel cables.

Kit B

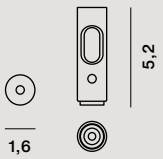
Kit B	code	€ vat excluded
	FNKIT_DEC_B	33,00

Decentralization kit, includes 3 supports for steel cables.
Brushed metal.

For the models:
Allegretto, Allegro, Big Bang, Buds, Caboche Plus, Chouchin, Chouchin Reverse, Gem, Gregg grande/media, Hoba grande/media, Le Soleil, Nuée, Plass grande, Plass media, Rituals, Rituals XL, Satellight, Spokes, Sun-Light of Love, Supernova, Tartan, Tonda, Twice as Twiggy, Tress grande/media/piccola.

Weight:
net kg 0,01

Kit C



Kit C	code	€ vat excluded
	FNKIT_DEC_C	41,00

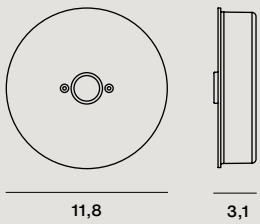
Decentralization for power cable.
Chromed metal.

For the models:
Aplomb, Aplomb Large, Aplomb mini, Birdie, Bump, Eolie: Alicudi/Filicudi/Panarea, Giga-Lite, Gregg piccola/midi, Hoba piccola/midi, Havana, Tite, Tress grande LED, Tress mini, Twiggy, Twiggy wood.

Weight:
net kg 0,01

CE

Kit M



Kit M	code	€ vat excluded
	FNKIT_DEC_M	104,00

Canopy electrical decentralization up to 4 lamps.
The kit M contains only the canopy, to compositions as picture order the necessary quantity of Kit B or Kit C.
Varnished steel.

For the models:
Aplomb, Aplomb mini, Arumi, Birdie, Buds*, Bump, Chouchin*, Chouchin Reverse*, Eolie: Alicudi/Filicudi/Panarea, Gem, Gregg*, Havana, Hoba, Plass media, Rituals, Rituals XL*, Satellight, Tartan*, Tite, Tress*, Twiggy.

Legenda

LED
It marks the models with integrated LED included in the lamp, which is the result of Foscarini designing and engineering.

CE
Declares that the manufacturer produces light fittings which comply with the requirements of the EN 60598.

Classe I
Class I° luminaire: it's necessary to connect the device to the yellow/green protective conductor (earthing).

Classe II
Light fittings whose safety is guaranteed only by the double and/or reinforced insulation of all parts, with no earth.

Classe III
Appliance in which protection against electrical shock is guaranteed by the extremely low-voltage power supply and which does not produce higher voltages.

Dimmer
Please verify the compatibility of your bulb with the dimmer's wattage renges, indicated on the dimmer itself, according to the kind of light source.

IP

IP Protection Degree

IP20: protected against the penetration of solid objects greater than 12 mm and non protected against liquids.

IP40: device protected against penetration by solid bodies larger than 1 mm.

IP44: protected against the penetration of solid objects greater than 1 mm and protected against splashing water.

IP65: dust-tight and protected against water jets.

CSQ – IQNET
The CSQ-IQNET label is valid all over the world. It certificates that Foscarini runs a quality management system which complies with the UNI EN ISO 9001:2008 standard, to guarantee a high quality level for what concerns project, development, production and distribution of its products.

CSQ ECO
This label is valid all over the world. It certificates that Foscarini runs an environmental management system which complies with the UNI EN ISO 14001:2004 standard in order to guarantee company's commitment to continual improvement of its enviromental performances.

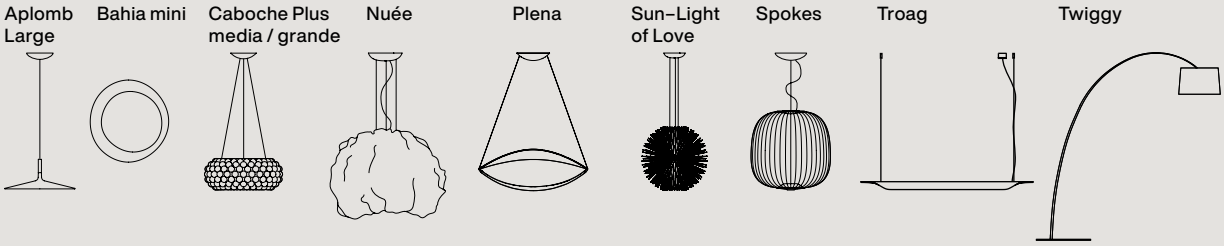
Azienda certificata
UNI EN ISO 9001:2015
UNI EN ISO 14001:2015

MyLight Collection - Dimming

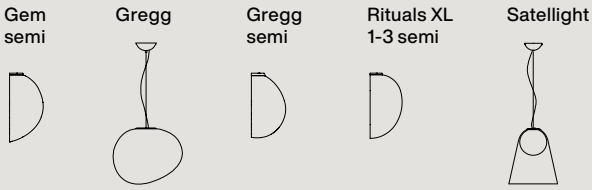
The MyLight models use the smart device Casambi to control light intensity from 100% to complete turning off. The system is easy and user-friendly. No new wiring, switch, device or Internet connection is needed.
You only need to install the light source and match it through Bluetooth with your smart phone, tablet, or other control devices (see below). No further configurations by qualified staff are needed.

Tunable White - Caboche Plus and Twiggy
Besides light intensity control, it's possible to control the LED light colour degree from 2700 K to 5000 K, from warm to natural or cold light through any intermediate level.

Models with LED module and Casambi interface integrated

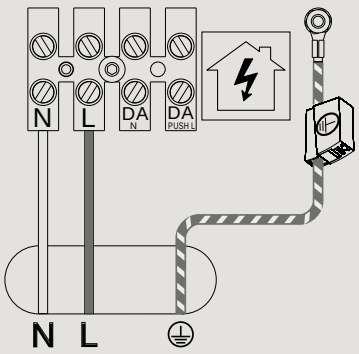


Models with line voltage LED or E27 retrofit LED and Casambi interface aside

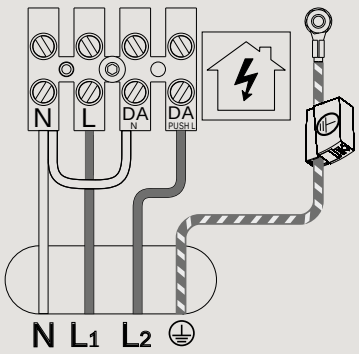


Dimming
The following lights can be dimmed with On/Off – Push – DALI configurations: Allegro, Aplomb Large, Anoor, Bahia, Bahia mini, Big Bang, Big Bang L, Big Bang XL, Buds LED included, Caboche Plus grande e media, Chouchin, Chouchin Reverse LED included, Gregg MIDI LED, Hoba grande LED, Hoba Media LED, Hoba MIDI LED, Dolmen, Gregg grande, Gregg media LED included, Le Soleil, Lumiere XXL/S, Plena, Rituals XL LED included, Spokes 1, Spokes 2, Spokes 3, Tartan LED included, Tress grande, Troag, Twice as Twiggy, Twiggy Wood.

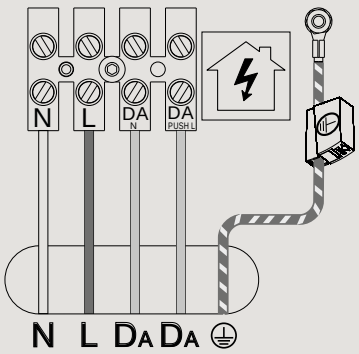
On/off
3 WIRES (L, N, ⏚)



PUSH-DIM
4 WIRES (L1, L2, N, ⏚)

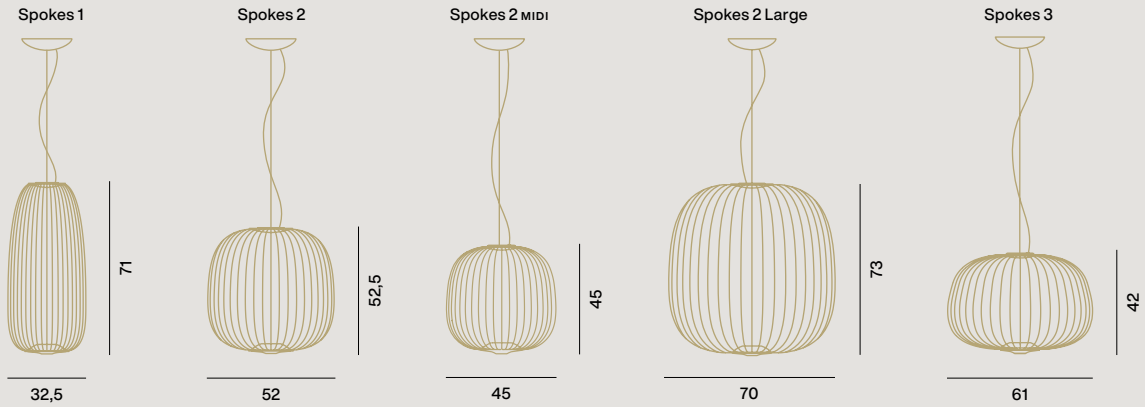


DALI
5 WIRES (L, N, DA, DA, ⏚)



N = Neutro L = Linea DA = Dali PUSH = Dimmerabile Push

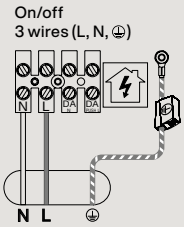
Spokes Ambient



Varnished steel and aluminium.

34W (20 + 14 W) 2700 K
2550 + 1850 lm CRI>90

IP 20



N = Neutro - L = Linea

Extended Guide:

Intuitive WiFi lighting adjustment using the Tuya app.

Compatible with the leading voice control systems.

Settings are stored and remain in effect after the lamp has been turned off.

Two independent LED light sources to create an infinite variety of atmospheres.

Upper light source.

Lower light source.

Light Sources

LED retrofit light bulbs: Foscarini recommends the use of warm light bulbs for its whole collection. The light bulbs available on the market may feature technical specifications with various graphics and definitions, but a warm light tone is generally described as Warm White - 2700- 3000K° and CRI > 80.

Lamps with dimmer: Please verify the compatibility of your bulb with the dimmer's wattage ranges, indicated on the dimmer itself, according to the kind of light source

This table contains the necessary information to purchase the correct light source (models with integrated LED excluded).
