Test Samples
Muuto offers sourcing of non-standard textiles for upholstered products. Muuto will provide pricing on products in nonstandard textile and confirm if a textile is subject to test upholstery. Prices for test sample products are stated in the pricelist under each product. If textile is provided to Muuto, Muuto will invoice COM price as defined in the price list and potentially the price for the test upholstery. Lead-time of production is confirmed by Muuto after test approval. Confirmed lead times are from reception of textile.

Note
You can only connect seating modules with pre-mounted linking brackets on the sides, illustrated here with dotted lines. Please note that the modules H & I can only be used as a freestanding ottoman and not part of the sofa configuration.

IN SITU MODULAR SOFA—ORDER GUIDE

A grand modular sofa that can be tailored to your exact needs with its modular elements hidden through the subtle detailing of the frame's front profile, paired with deep comfort and a soft seat.

With the In Situ Modular Sofa, you can choose between any of the 30 predesigned configurations on the following pages or create your own configuration, following the guidelines below.

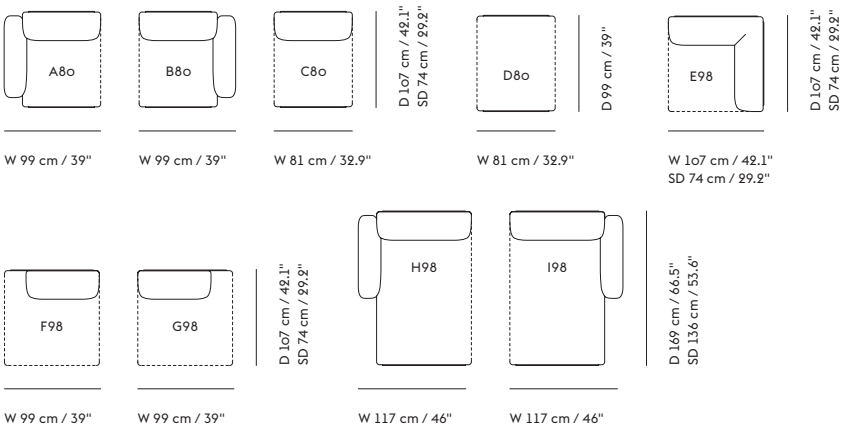
Visit planner.muuto.com to create your own configuration online.

Create your own In Situ Configuration

1. SEATING MODULES

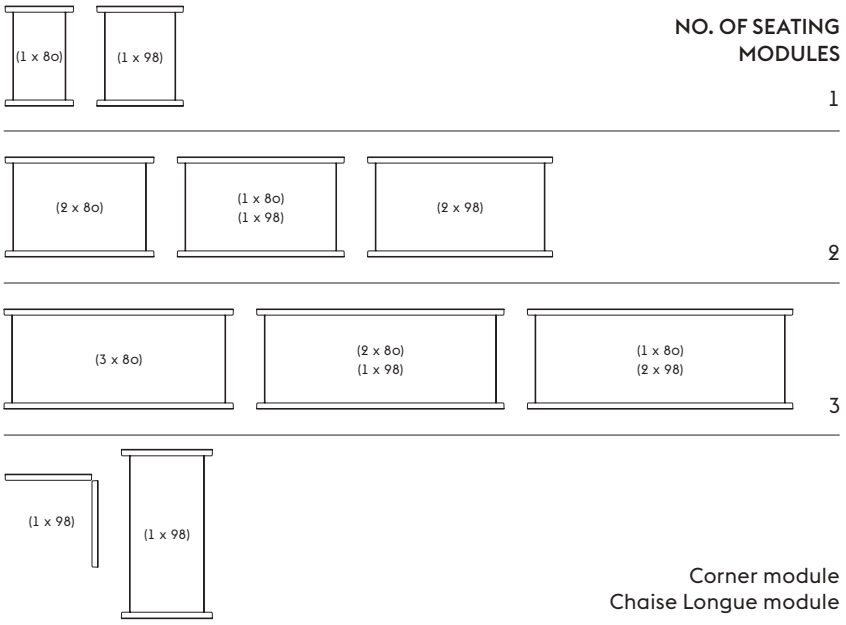
Find the seating modules of your desired configuration and add the item numbers of the desired textile or leather upholstery separately to your order.
You can only connect modules to the open sides and end of the modules, illustrated here with dotted lines.
An In Situ configuration must always have one of the following seating modules at each end: Armrest Module (A80, B80, H98 or I98), Ottoman Module (D80) or Open-Ended Module (F98 or G98).
The Ottoman Module (D80) can only be used in extension of Open-Ended Modules (F98 or G98) or as the only free-standing I-Seater configuration possible to build.

SEATING MODULES



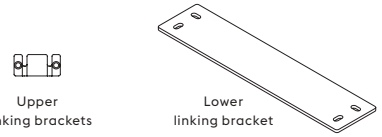
2. FRAME SECTIONS

Choose the frame section(s) that match the seating modules of the desired configuration (10 frame sections to choose from in total). We recommend using as few frame sections as possible when creating your own configuration for a clean appearance.
A Frame Corner Section must always be supported by sections in the two open directions.
A configuration with chaise longue modules H98 or I98 must be created using at least 2 sections in total.



3. LINKING BRACKETS

Identify the amount of linking brackets required to connect the modules in your configuration, following the guidelines below. **Linking brackets must always be used when joining together frame sections.**
Linking brackets must always be mounted on the adjacent sections that face the corner section.



4. CUSHIONS

Specify optional cushions in the desired textile or leather for added comfort and a lounging expression.

OUTLINE SOFA SERIES

The Outline Sofa Family adds new perspectives to the classic Scandinavian design sofas of the 1960's, marrying the ideals of simplicity and function into one. With the design taking its name from its strong outline of a sofa, the Outline family is clean and elegant on the outside with a deep seat and soft cushioning on its inside.

The Outline Sofa Family adds new perspectives to the classic Scandinavian design sofas of the 1960's, marrying the ideals of simplicity and function into one. With the design taking its name from its strong outline of a sofa, the Outline family is clean and elegant on the outside with a deep seat and soft cushioning on its inside.

OUTLINE HIGHBACK SOFA SERIES

The Outline Sofa Family adds new perspectives to the classic Scandinavian design sofas of the 1960's, marrying the ideals of simplicity and function into one. With the design taking its name from its strong outline of a sofa, the Outline family is clean and elegant on the outside with a deep seat and soft cushioning on its inside.

W 65,4 cm / 25.75"

Large w. Door
W 43,6 cm / 17.17"

STEP 3. TOP PLATE OR SEAT CUSHION

If relevant, add your desired number of Top Plates for a nice finish when e.g. building a sideboard configuration. Add a Seat Cushion to create a cozy nook providing additional comfort, e.g. when building a bench for your Hallway.

Top Plates come in 4 different colors: Grey, White, Brown Green, Oak.

Notes
Do not build any Stacked Storage Systems taller than 130 cm / 51.18" when building a configuration with a Top Plate. Do not build with a Top Plate if the configuration is wall-mounted.

When building with a Top Plate, minimum 4 Clips must be placed in each corner to secure the Top Plate.

The Top Plate(s) must be placed evenly on the Modules, meaning that the Top Plate(s) must not be placed so that the Top Plate(s) are sticking out from the side of the Modules beneath.

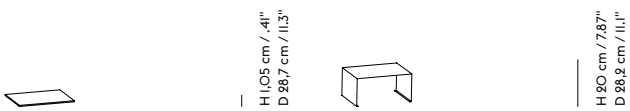
STEP 4. SHELVES

Add your desired Shelves or Inserts.

Shelves come in 4 different colors: Grey, White, Brown Green, Oak.
Inserts come in 2 different colors: Grey, Blue Grey.



Shelf
W 39,7 cm / 15.63"

Insert
W 39,6 cm / 15.59"

Notes
Shelves can be positioned in two fixed positions inside modules w. door.
Inserts can be placed in open modules and modules w. backboard.

STEP 5. CLIPS

Each module comes with two Clips in the same color as the module, while Oak comes with two Clips in Grey.
Identify the amount of possible extra Clips required to connect the modules in your configuration, following the guidelines below.

Clip
W 4,17 cm / 1.64"

Notes
Clips must always be used when joining together Modules, Bases and Top Plates. The Clips must connect the elements in the system from left to right to ensure the overall stability of the Stacked Storage System.

As a general rule, attach one clip to the front and one to the back of each module. When placing a Stacked clip on the backside of a Stacked Module with a Door, you must always position it at the bottom, both at the front and back.

Extra clips can be purchased separately to increase the configuration's stability. You can buy extra Clips in set of two.

GENERAL TERMS OF SALE AND DELIVERY

VALIDITY
These General Terms of Sale and Delivery shall supersede and suspend all previous agreements and shall apply to any agreement made between Muuto and the buyer unless otherwise agreed.

SALES AND MARKETING MATERIAL
Information supplied by Muuto regarding prices, models, dimensions, features, and specifications in catalogues, advertisements, sales or promotional literature, price lists or elsewhere is not legally binding and shall be considered for guidance only, and may be changed at any time without prior notice.

ORDERS
All orders placed by the buyer must be in writing and shall at the minimum specify the type (product number and/or name) and quantity of the products ordered as well as the requested date of delivery. The order is not binding upon Muuto unless and until Muuto has issued a written order confirmation to the buyer. Unless objections are made within 24 hours after receipt, the order confirmation is considered accepted by the buyer.

For customers on prepayment terms Muuto will start production of made-to-order products immediately when prepayment has been received.

PRICES
The present price list replaces all previous price lists and may be subject to changes at any time without prior notice. The purchase price for the products ordered by the buyer is stated in the order confirmation. Delivery and installation is not included in the purchase price. Unless otherwise agreed, quotations submitted by Muuto shall be valid and binding for 60 days after receipt.

DELIVERY
Unless otherwise agreed in writing, delivery shall be ex. works (Incoterms 2020) from the place designated by Muuto from time to time. If transportation of the products is handled by Muuto's forwarding agent on behalf of the buyer, Muuto will invoice the freight to the buyer. The products shall be sent using standard packaging. The confirmed delivery date is only an estimated delivery date and the time of delivery shall not be considered of essence. Muuto cannot be held liable for any damage or loss that the buyer may suffer as a result of a delay or a non-delivery. If no specific delivery date has been indicated in the order confirmation, Muuto, acting reasonably, is entitled to stipulate a delivery date taking into consideration the quantity and the nature of the products to be delivered.

The buyer is always obliged to inspect the products delivered upon receipt, i.e. checking that the correct type of products has been delivered, and checking that the correct quantity of the products has been delivered.

Should a delivery fail to meet the buyer's expectations, or is the delivery damaged during transportation, the buyer shall:

1. Inspect the entire delivery immediately.
2. Accept the delivery, but immediately note the damage on the freight documents by stating, "Received with reservation".
    a. If freight document does not allow for reservations, the buyer is expected to refuse the delivery.
3. Report the extent of the damages to Muuto according to the paragraph "Filing Complaints"

The buyer is deemed to have accepted the products delivered unless a claim has been filed within 5 working days upon receipt in accordance with the instructions in the paragraph "Filing Complaints".

PAYMENT AND RETENTION OF TITLE
Unless otherwise agreed, payment shall be made in accordance with the payment terms and conditions of payment indicated on the invoice and the order confirmation. All bank charges are the responsibility of the buyer. All products not paid for in the full, including interest and delivery (if any), shall remain the property of Muuto. The buyer shall at all times keep such products separated from any other products held in stock, and must ensure that the products can at all times be identified by Muuto. The buyer shall be liable to Muuto for any damage to the products until they have been paid for in full as stated above. There will be a penalty interest of 2% per month when payment is made after the due date. Such interest is payable without any further notice.
Prepayment of proforma invoice is required for buyers without credit. The buyer must state account number as well as the proforma invoice number on the payment. Change of payment terms depends on the credit limit decision of Atradius. If Muuto receives a negative feedback from Atradius, the buyer must get in touch with Atradius and provide necessary information.

WARRANTY AND LIMITATION OF LIABILITY

Muuto offers a warranty against defects of manufacture and materials on standard products. The warranty listed in Muuto's current pricelist shall be valid from the date of delivery provided that the products are used under normal circumstances and maintained according to guidelines. Excluded from this warranty are all defects due to or caused by transport, incorrect use, inadequate maintenance, accidents, the buyer's alteration or repair, modification of the product (incl. certification through 3rd party) as well as normal wear and tear of the products.

Natural variations in organic materials cannot be considered defects, and Muuto explicitly excludes itself from liability for any such variations. Muuto's warranty against defects of upholstery requires that such upholstery (fabric or leather) is included in the price list and is recommended by Muuto. Should the buyer wish to provide its own upholstery (fabric or leather), or should the buyer wish to itself process (whether by dyeing or otherwise) the upholstery provided by Muuto, Muuto's warranty lapses. Muuto cannot in any way be held responsible for materials delivered by the buyer and any impact that the materials may have on the products, including with respect to compliance with any applicable legislation, irrespective of whether such materials have been upholstered or otherwise incorporated into Muuto's products by Muuto."

Unless otherwise stated in these General Terms of Sale and Delivery, Muuto is not liable to the buyer for loss of production, loss of use, loss of contracts, loss of profit or for any other consequential or indirect loss whatsoever.

Notwithstanding any other provisions of these General Terms of Sale and Delivery, Muuto's maximum liability in relation to the buyer can in no event exceed the purchase price for the products sold, including any liability for damages to a third party, such as, for example but not limited to, product liability.

PRODUCT LIABILITY

Mandatory product liability rules in force from time to time shall apply to disputes regarding product liability. Unless otherwise required by mandatory legislation, Muuto shall not be liable to the buyer for any damage or loss caused by the products, including but not limited to liability for loss of production, loss of use, loss of contracts, loss of profit or for any other consequential or indirect loss whatsoever.

The buyer must ensure that any products purchased from Muuto fulfill the legislative requirement, hereunder has the required certifications, in the region or country, where the product is to be used.
If buyer makes any alteration or modification to the product, Muuto shall not be liable to any damage to the product, other objects or property.

REMEDIES

With respect to products that are defective, Muuto may choose to refund the purchase price for such products, repair such products or replace such products, always provided that it is a condition for such refund, repair or replacement that the buyer has notified Muuto about the defect within reasonable time after the buyer discovered or ought to have discovered it, and provided that such notice is given within the warranty period in accordance with the instructions in the below paragraph "Filing Complaints". Thus, Muuto is not obligated to replace customized or discontinued products.

The above remedies constitute the buyer's only remedies in respect of any defective products delivered under these General Terms of Sale and Delivery.

FILING COMPLAINTS

A complaint shall be filed by email within 5 days upon delivery and, for quality complaints, within the period of warranty.

Each complaint shall be filed in such a manner that the email describes in detail the problem at hand. Each complaint will be evaluated from the Muuto Claims Department provided that the following is stated and/or enclosed:

1. Delivery note/order confirmation number/invoice number
2. Clear description of the complaint in detail
3. Images of product, up close and from afar
    a. For transport damages: Images of boxes and labelling shall be enclosed by the buyer
    b. For quality complaints: Images of product specific PO-number shall be enclosed by the buyer

RETURN OF PRODUCTS

Returns are only accepted by prior written agreement. Return products shall be securely and properly packed in their original packaging and return order confirmation shall be placed visible on the package. Unless otherwise agreed, the buyer shall bear the transport cost and risk of any defective products returned to Muuto.

CHANGES IN DESIGN

Prior to delivery and without prior notice Muuto reserves the right to make any changes to a product's design that is found by Muuto to be necessary or appropriate.

FIRE-RETARDANCY
MUUTO products can be supplied with fire-retardant fabrics. As the regulations vary in each country, we advise all customers to check the respective local regulations. Any requests for fire-retardant treatment must be sent to MUUTO in written form, specifying which fire- retardant norm the products must comply with.

OTHER
The buyer is not allowed to sell the products to non-authorized re-sellers without written approval by Muuto.

APPLICABLE LAW AND VENUE
The parties contractual relationship under these General Terms of Sale and Delivery shall be governed and construed by and shall be interpreted in accordance with Danish law, without regard to the United Nations' Convention of Contracts for the International Sale of Goods (CISG). Any dispute that may arise out of the parties' contractual relationship under these General Terms of Sale and Delivery or any related event, which cannot be settled amicably, shall at Muuto's request be brought before the Copenhagen City Court.

AMENDMENTS
Muuto is entitled to modify these General Terms of Sale and Delivery at any time. Muuto shall notify the buyer of such modifications and of the date of such modification. The buyer is deemed to have accepted the modifications unless written notice of rejection is given to Muuto within IO working days after receipt of such notice.

WOOLY BY NEVOTEX
Designer: Nevotex
Composition: 70% wool, 25% polyamide, 5% other fibres.
Durability: 150.000 Martindale / Lightfastness 6-8.

Wooly is woven in 70% recycled wool, sourced from leftover materials of clothing production and other wool products. One kilo of pure new wool generates 9 kilograms of carbon dioxide when produced while processing one kilo of recycled wool only generates 0.5 kilograms of carbon dioxide. Furthermore, recycled wool has a positive environmental impact due to lessened water consumption and lower energy consumption.
