Product Information

SOFT LINE

CLAY

CLAY Sofa
Art. no.: 2-481

CLAY Pouf
Art. no.: 2-483

CLAY Chair
Art. no.: 2-482

Description:

Soft shapes The CLAY seating concept has a strong, sculptural expression that adds a fresh and modern touch to private homes and public spaces. The organic design and the continuous seam on the edge of the chair create an elegant and minimalistic look. With the soft and comfortable upholstery, CLAY is the perfect spot to settle in for “hygge”. Winner of Good Design Award 2019

Year of design: 2019

Design: Javier Moreno

Since 2010 Javier Moreno has been designing for SOFTLINE and his design philosophy is that design should be something that matters. In a time when everything is becoming immaterial and increasingly virtual, he believes that humans still need physical and aesthetical objects in their daily lives. Javier Moreno is meticulous in his design process and works to get the maximum of using less. His approach is clear, simple and focusing on the humans who will use the furniture.
